

Creations of Beauty House Concerts
presents an intimate evening with
John McAndrew

"The greatest artists are those whose lives are their art. John IS his music – honest, tender, tough. Always an echo of the heartbeat of life. All of John's music arises out of that heartbeat. If he sings about it, it is because people have lived it.

More than anything else, John's music is life, listening to itself."

-Earnie Larsen,
Author/Motivational Speaker
